

First Communion 2018

05/06/18

I asked the kids if Teresa had told them there would be a quiz and they, of course, said no. I then asked them what the items on my vestment were (grapes and wheat) and what they signified (bread and wine). I then explained that my sister had made the vestment for me because she loves me that much. But God loves us more. He gave us His body and blood in the Eucharist. Jesus tells us we are to love each other the way His father (His dad) loves Him. But we can't possibly love that much, because Jesus' love is perfect. I also told them that when they consume Jesus, they become Jesus and with that, comes responsibility.
