

## First Eucharist 2017

05/07/17

Began by telling the children how nice they look. Also reminded them that from now on, they would not have to cross their arms when they came up to receive communion. Mentioned how sheep listen to shepherds and how the children listen to their parents, most of the time. Told them how important it is to listen to the good voices and the bad ones. I told them about the gift my sister gave me in the vestment she made for my first Mass as a priest. Asked what the items were on the vestment (grapes and wheat) and what they represent (bread and wine). Reminded them how God loves us so much He gave us His Son in the Eucharist. That's how much God loves us. Also said every time they receive Jesus, they become Jesus and have to act like Jesus.
